

## Protect Your World From The Harmful Effects of UV

Unrealized Value. If you ignore it in business, it can be as threatening to your global ambitions as UV Radiation is to all living things.

You'll find Unrealized Value hidden all around you. It exists as an invisible layer of game-changing competitive opportunity that is ever-present. OhZone technology helps you see it, embrace it, and extract maximum benefit from it.

### The Heart of Enterprise Intelligence

Should your goal be to someday succeed, through Digital Transformation, to become a truly Intelligent Enterprise, your principal goal must be continuous optimization of these domains, both independently and as they relate to one another:

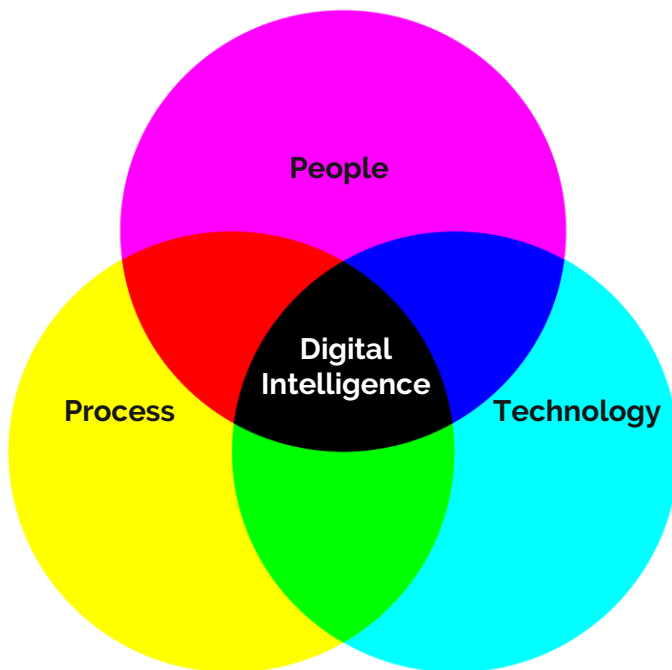

- o People: Be they your employees, stakeholders, customers & prospects
- o Processes: The way you get things done across the enterprise
- o Technology: Tools that support both People and Processes

OhZone technology, packaged in convenient click-and-go SaaS applications, is designed specifically and exclusively to unearth the presence of Unrealized Value in each of these domains, and to immediately, automatically put these revelations to work for you.

Experience OhZone UV protection and get a Free Trail at [sierraappstore.com](http://sierraappstore.com).
